### **In The American Nouveau NAZI Regime**

Tyranny cannot exist without Conformity - conformity being a prerequisite to Tyranny; such as the conformity inherent in NAZI-ism - a tyranny especially demanding of conformity - the conformity of agreeing with the Party line.

Most Americans conflate NAZI-ism with Fascism, the political-economic system imposed upon Italy by Benito Mussolini; a symbiotic relationship between the state and large businesses, wherein what it is deemed good for the state is deemed good for business. This is very different from earlier American capitalism, where it was once said, that "what is good for General Motors is good for America." This earlier American economic belief was due to General Motors' utilization of numerous American businesses in many manufacturing sectors as suppliers, and on the stock dividend GM

dispersed to millions of ordinary Americans, and GM's large footprint in the American work force. This mostly free market pattern economy molded the overall society of the United States for most of its existence.

Fascism inverts the old relationship. In Biden's America, large companies are quickly falling into line with the dictates of the Washington Regime; and by guaranteeing the success of the Democratic Party, they are guaranteed to thrive. It is obvious that Biden's Regime is creating a Fascist economic structure in the United States - and is intent upon ultimately merging it with a digitized world wide economy, as recently seen with the new [international minimum](#) corporate tax rate agreement. While the Globalists focus on control of individual national economies, the Biden Regime is concomitantly imposing a NAZI-like conformity demanding system on its population in spite of its public statements about the need for greater control during the Covid Emergency. This becomes sickeningly obvious, when one considers that those crossing the Southern border illegally were not initially subjected to the [same inoculation decrees](#) as were American citizens until there was an uproar over the lack of testing; and then these aliens are dispersed into cities all across the U.S. The regime is focused on obtaining obedience from American Citizens. Because of the illegals' tenuous status, they can be controlled with many other types of coercion other than mask and vaccine mandates.

NAZI-ism's socio-political system achieves conformity through coercion. It operates, at its core, no differently from gangster criminal mobs, but on a much larger scale. Those enforcing conformity essentially operate the same way as thugs selling "protection" to a business - a reward and punishment system. Sometimes the reward is just being left alone. More often, it demands complicity in one form or another. The punishments range from penalties, to severe interruption of your life, to death. What President Trump has suffered over the past several years is a prime example of the "interruption" model of non-compliance with the dictates of the Globalists. In the U.S. the FBI began doing this in the 1950's through a program called [COINTELPRO](#). What was and is being done to Trump is an expansion of this illegal program, utilizing not only the FBI's Counter Intelligence Division, but utilizing the Corporate Media and "Big Tech" as fascist extensions of the state. Many of the [Colour Revolutions](#) around the world, including the more recent government overthrow in Ukraine, operated in similar fashion. The pattern

for these overthrows began with Iran in 1953. More direct military operations were utilized in [Central and South America](#). The American Domestic Population is now being exposed to an application of coercion, instituted by AG Merrick Garland, who has attempted to [chill free speech](#) by threatening [investigations by the FBI](#) against those protesting the actions of their local school boards.

Japan was fascist, but it didn't require NAZI-like doctrines because it was already a homogeneous society that had a conformist allegiance to the Emperor. Fascist Italy eventually imposed NAZI style regulations onto its citizens, but never fully enforced them. Even its antisemitic regulations were much less pronounced and enforced. It was Fascist Germany that fully enforced NAZI doctrine upon its citizens and upon those lands that it occupied.

NAZI demands began fairly abruptly after the 1933 election with the [Emergency Decrees](#) following the false flag [Reichstag Fire](#) crisis. The Decrees affected elections and the suppression of non-conforming speech.

As German Martin Niemöller was quoted as saying :

“First they came for the socialists, and I did not speak out - because I was not a socialist.

Then they came for the trade unionists, and I did not speak out— because I was not a trade unionist.

Then they came for the Jews, and I did not speak out - because I was not a Jew.

Then they came for me—and there was no one left to speak for me.”

This well known quote is on display in the Permanent Exhibition of the United States Holocaust Memorial Museum. Niemöller was a Lutheran minister, an anti-Semite and early NAZI supporter. Later on when he opposed the NAZI regime he was imprisoned. It was only after the War that he uttered his now well known statement.

The Globalist Regime in Washington has made all of us de facto 1930's German Jews. Some

of us are aware of that. Most are not. Even most Jews are not aware of that. Very few have begun to think what that means for America.

Trump Derangement Syndrome and unyielding support for the current Democrat Party dedicated to Globalist Climate Change and Covid Vaccine Mandate dogma are as much a disconnect from reality as was support for Hitler and the NAZI's in Germany before and during the Second World War. Those supporting the Biden Regime are as irrational and delusional as 1930's era NAZI's. Many of these Nouveau NAZI's are not anti-Semitic and should not be confused with Neo-NAZI's. They are, though, true NAZI's, consistent with a NAZI's allegiance to the German "Ich habe meine Pflicht getan" attitude; a willingness to conform to the political demands of the state; or, as we translated the expression after the war - "I was just following orders."

The willingness of most Americans to submit to the crisis based dictates of the Washington Globalists is unnerving. It does much to undermine one's belief in the spirit of America, born of a belief in Liberty and the strength of individual character. It is this character and the creed of a distrust of government that we have learned to expect from Americans; but quite possibly that expectation resides with those old enough to remember an earlier time, educated in a time when America was at her finest.

It appears that very many today only discern the bad in our history - consisting of bad things done in every society throughout history, but somehow convinced that it is America that has engendered this evil world wide.

During the recent 2021 off year election, Joe Biden blamed the Virginia loss on "...the number of very conservative folks who turned out in the red districts who were [Trump voters](#)," Obviously, if the Republicans won, then a good many Conservatives voted. One is left to wonder how Joe Biden might deal with this problem the next time around. Is it possible that he might continue down the path of prioritizing January 6<sup>th</sup> insurrection claims and, as Hitler did after the Reichstag Fire, prevent future elections in order to have the ability to put his agenda in place without opposition from people who disagree with his policies? After all, the NAZI Party only had a thirty percent electoral support, and the Democrats have a full 50% electoral base.

But, what the Democrats might do in the next election should not really be left to speculation. In a very real sense, the Democrats have already followed the NAZI playbook. Before Biden took office, a false flag operation turned a protest into what has been labeled by the corporate media a “deadly armed insurrection,” and the DOJ has begun to label concerned, questioning citizens as dangerous. The large internet companies have already suppressed speech that disagrees with the Democrat agenda. The fascist corporate entity, in conjunction with local election officials, tinkered with the National Election of 2020, and the Democrats have proposed legislation putting into permanent law across the country those voting methods instituted during the Covid Crisis that have shown themselves to be most prone to corruption.

Considering everything already done and that Biden has exceeded all other Presidents' number of Executive Orders in his first year, and has weaponized the DOJ and FBI against parents protesting Critical Race Theory being taught in school, and against [Project Veritas](#), and has proposed legislation that will weaponize the IRS against any and all Americans, quite possibly we are in for something more than just “NAZI-like” tactics, but some very real NAZI programs.
